

# *A Trip to Wildlife Institute of India*

*Six girls of class 08 of Him Jyoti School went to Wildlife Institute of India to attend a workshop on wildlife photography and film making organised by Heritage Centre for World Natural Heritage Management and Training for Asia and Pacific Region Wildlife Institute of India, Dehradun.*

*Miss Reeti, a famous wildlife film maker, showed them various photographs and short films based on wildlife of North East. Mr. Bugon Liochchia showed them many wild photographs which were clicked by him during his journey.*

*Our student also learnt the basics of photography. This workshop motivated the girls to pursue photography as a profession or a leisure pass time.*
